# —TIME...

Another school year has started at Pocahontas County High School, and many goals are expected to be fulfilled by both the students and teachers. The first few days were packed with frustration, excitement, and reminiscing of the past and summer occurrences. Although there are disappointing times with schedules, lockers, and lunch shifts, everything comes together when it is time to start the first school term.

"Time never stands still" long enough for one to make many choices. The Freshmen try to learn the new rules and situate themselves in their classes. Sophomores are excited about another year and they realize that this year will be harder than the last. Juniors find time to prepare themselves for achievement tests and driving tests, while the Seniors prepare themselves for the future and what they will conquer. Whether they are going to college, getting married, or just looking for a job, they will never forget their high school years. This year's 1986-87 yearbook shows you throughout its pages the excitement, enthusiasm, and the spirit of the school and that "Time Never Stands Still."

Talking about the fun times that happened over summer break are seniors Clifford Adams, Dorothy Jesse, and Mathew Barkley.

Having a "messed-up" class schedule is something Carol Fitzgerald and Nida Hively found that Mr. Rexerode can fix.

Marcella Greer and Jerry Nelson maintain close ties over the summer.

Discussing some essential computer points before the first class begins is what Mr. Leary found helpful in avoiding mishaps.

Finding the first day of school amusing are juniors: Brent Lucabaugh, Howard Walker, and Lee Kidd.

Tabatha Beale and Cindy Turbyfield discuss homework assignments between classes.

Receiving help from Mr. Ralston, Kim Jarrell finishes her drafting.

Starting his class off on the right foot is electronics teacher, Mr. Beverage.

Harry Sipe shows off his techniques in pool shooting at the arcade in Bartow.

# ...NEVER STANDS STILL

Stephanie McDowell and Carla Shinnaberry found free time in class to discuss other assignments.

Learning combinations and decorating lockers make juniors, Genny Burks and Heather Pitt feel at home.

Talking about "new times" and summer activities are seniors Becky Wilson, Tonya Dean, and Cheryl Hill.

Free time in the library finds Matt Burns joyously telling jokes.

Mike Wilfong and Clark Vandevander work on getting their "vehicle" on the road.

Discussing computer techniques are Dallas Curry, Tina Combs, David Castle, and Roger Sharp.

Although trends and fads come and go, we look at clothes and hair styles as a way of expressing our individuality. This year there are many different styles. They include long trench coats, pleated pants, long, brightly printed sweaters, stir-up pants, lace-up granny boots, baggy socks, mock turtlenecks and sleeveless shirts. Jeans and flannel shirts are still worn by many, but not nearly as often as in past years. Styles will change, as they always have, in years to come. Can't wait to see what the future holds!

# We're Good

# We're Great

The 1986-87 basketball team left us all a memory we will cherish forever. First in history the Pocahontas Warrior basketball team went to the state finals. Unfortunately they did not reach the top but to the student body they were winners. Without the student body's encouragement and two very special people's love they may have had a difficult time to reach their goals. Mr. Glen Wade and Ms. Kathy McGee are those two special people who enriched and enlightened all of our lives. Our success is owed to everyone with dedication, spirit, determination, and love. We made it to STATE!

WE WENT ALL THE WAY TO STATE!

Pioneer Days, Miss Pocahontas Pageant was held the evening of July 5, at 8:00 p.m. Being the 20th year of Pioneer Days, 1986 was an anniversary year. Preparations started earlier in the hope of contacting all previous Miss Pocahontas winners, and directors, inviting them to attend.

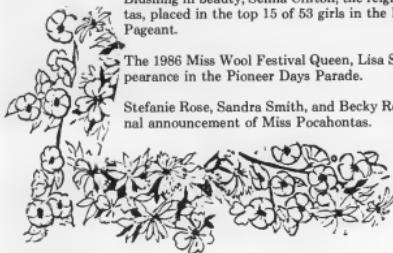

This year's Miss Pocahontas Pageant winners were: Selina Clifton-Miss Pocahontas, Melissa Hill-First Runner-up, and also Most Photogenic, Carol Faulkner-Second Runner-up, Donna Meadows-Miss Congeniality, and Cindy Shreve-winner of the costume contest, a new event and done in the theme of the pageant, "Past, Present, and Future." Other young ladies participating in the contest were: Sandra Smith, Dawn Harper, Stefanie Rose, Becky Rexrode, and Mary McCloud.

Blushing in beauty, Selina Clifton, the reigning Miss Pocahontas, placed in the top 15 of 53 girls in the Miss West Virginia Pageant.

The 1986 Miss Wool Festival Queen, Lisa Sharp makes an appearance in the Pioneer Days Parade.

Stefanie Rose, Sandra Smith, and Becky Rexrode await the final announcement of Miss Pocahontas.

Debbie Frum is the second runner-up of the 1986 Miss Shanghai pageant held in Greenbrier County.

The night was long and tiring, but Dawn Harper and Cindy Shreve still manage to show their bright smiles.

Connie Lane was a contestant in the 1986 Miss West Virginia pageant.

Stephanie McCoy was a participant in the 1986 Miss Shanghai Pageant.

# Real Football — Girl's Style

Tonya Dean, senior, looks ready to charge viciously toward the opponent.

Marcella Greer, sophomore, cheers on her team from the sideline.

There's a first time for everything. This year the freshmen won the annual powderpuff football game which was played during spirit week. Although the weather was chilly, class fever never died.

In the first set of games, the juniors were victorious over the seniors and the freshmen over the sophomores. The coaches were kept busy by feuding opponents and team members. Although the referees were hassled by players and coaches, they got the job done.

Each class had a unique and energetic cheering squad to keep the team's spirit up. Many stunts were attempted, many cheers chanted, and in the end the freshmen were the victors.

The freshman cheering squad shows their enthusiasm and spirit which helped the freshman girls win over the sophomore and junior class.

Caught in the act, Tabby Dean, freshman, seems to be hiding something from the camera. The football maybe?

Doug Burns, referee, intently watches the junior-senior match-up.

LAR

Patty Simmons, senior, seems to be wondering where the referees came up with that call.

A look of vengeance is on the faces of seniors: Velma Wilfong, Missy Kidd, and Charles Wilfong as the seniors are being defeated by the juniors.

The various expressions on the faces of Shannon McKenny, Lori Armstrong, Remona Robertson, and Terry Biggs seem to suggest an interesting powderpuff game.

Juniors Cindy Roy and Leigh Ann Rose, strive to complete a pass as Tabatha Beale seems to be saying to Jeanette Greer, "You're not getting to our QB!"

Jason Barton, linesman, looks upset about a play while the seniors seem to think it's amusing.

# Combined Pride - That's What It's All About!

Spirits were high and everyone was psyched up prior to the 1986 homecoming game. Students participated in the annual spirit week competition with enthusiasm.

Students were asked to dress in various outfits ranging from children on little boy/little girl day to the wild blue and green hair styles of rock star day expressing their warrior pride.

Everyone rushed around all week between classes trying to sell spirit links, and complete their class wall hangings for the final part of the competition. At the pep rally Friday afternoon tension was high. All classes waited to hear the results and find out which class had the most spirit.

The seniors were sent to the buses early for a week for winning, but we all had fun and felt we were all winners. In the end, we joined together as one and cheered our team on. With fantastic results, our team defeated Central Preston with a score of 27 to 13.

Seniors are busy making and selling spirit links to help their class win.

The 1986-87 homecoming queen and king were Stephanie McCoy and Charlie McNeil.

## HOOMEOMING EXCITEMENT

Each year, homecoming week rushes by and this year proved to be no different. Through the week, students at PCHS showed their excitement by participating in spirit week and giving support to the Warriors. The rivals in the homecoming game this year were the Central Preston Cavaliers with the Warriors rising to a 27-13 victory.

Former kings and queens were invited back to see the crowning of the 1986-87 queen and king, Stephanie McCoy and Charlie McNeil. Stephanie was crowned by principal, Mr. Vance, with the assistance of last year's queen, Stephanie Radcliffe. In honor of the king and queen a special spotlight dance was provided at the dance afterwards. The week's excitement wound down with memories of another great homecoming.

Travis Friel, senior, takes the ball around the end for another big gain to assist the Warriors in defeating Central Preston.

Senior attendant was Patty Simmons and her escort was J.L. Clifton.

Candidates for homecoming queen and king were Charlie McNeal, Angie Matheny, Greg Armstrong, Delana Irvine, Stephanie McCoy, and Charles Wilfong.

Junior attendant and escort were Debbie Frum and Randy Sharp.

Sophomore attendant and escort were Jeanette Barton and Brian Helmick.

Freshman representatives were attendant, Sheila Evans, with escort, Jason Armstrong.

# ***“LETS EAT”***

Lunch is a well spent half an hour that students do everything imaginable.

As you walk around during lunchtime you can see students everywhere. In the cafeteria, hallways, on window sills, and at the telephone. They usually try to squeeze some homework in, stuff their lunch and talk to friends. The students at PCHS feel that lunchtime is a time when they can just relax and enjoy themselves.

# SOCIAL LIFE

*Social life has always been, and will be remembered as a top priority for high school students. We are no exception. Although students are kept busy with long school days, we still find time to have fun.*

*Students attended ballgames and some took part in extra curricular activities. We attended parties, dances and spent time with friends. Others get part-time jobs working as salespeople in grocery stores, and some work at either Snowshoe or Silver Creek doing various jobs related to the ski industry. Other students attended 4-H meetings, camps and fairs.*

*No matter how we've spent our free time, priceless memories have been made. Memories that will last forever.*

Spending time together is a favorite pastime for N. Coe and D. Morris.

L. Foe, L. Matheny, S. Nottingham and C. Hill think a group get-together is a great way to spend some extra time.

Spending time on the slopes is one of Steve Shearer's favorite things to do with his free time.

Chuck Nottingham likes to goof off in the hall during his free time.

# OH, WHAT A DAY!

This year the "Sadie Hawkins Day" was a blast! All of the classes showed a lot of spirit. The freshmen thrived to show that they had lots of spirit, but as the day wore on the sophomores, juniors and seniors gave it their best.

Prom is a time for tux to be fitted and gowns to be bought. It's a time for the juniors to work as a team and create a fantasy land with streamers, castles, bridges, and balloons of pink, purple, black and white. The West Virginia band provided music to dance to whether slow or fast. Allen Taylor and Tonya Dean were crowned king and queen then they and their court danced to Heaven In Your Eyes. As the night progressed the decorations fell and were quickly snatched as souvenirs. The dance soon came to an end, but the night was just beginning for many. The gowns and tux were soon changed into sweatshirts and jeans, now the prom remains just a time of memories.

# *COMMUNICATING with OTHERS*

The English and Foreign Language classes at P.C.H.S. were very busy this year. Mrs. Seielstad's English class went to see the play, "Man of LaMancha", and her students made a colonial newspaper. Mr. Norman Alderman's classes participated in dramatic video productions and puppet making.

A new foreign language, Spanish, was taught by Karen Friel this year. The Spanish class and the French classes participated in the Foreign Language Festival at Davis and Elkins College. Two students from Spanish came in first place and eight students in French came in first place. Two students, Janesa Wilfong and Mark Seielstad, placed in the National French contest. The French students raised money for their annual trip to Quebec.

The students put a lot of hard work and dedication into the 1986-87 school year and finished the year with a smile.

# Math + Science = X

Paul Barrett pauses from his math work to smile.

Math and science help make up part of the equation of life. As the door is closed behind our backs, leaving us out on the steps of the real world. The math and science skills which we were taught are essential to progress in our future.

Little things, that we never really cared about, because some one else had always taken care of for us, become important issues such as balancing a checkbook. Thanks to the mathematics department, we have a choice between general math, algebra, geometry, trigonometry, and calculus, all which will help us in our everyday lives.

## BEHIND THE SCENES

Many members of the yearbook staff worked long hours even working into the summer vacation. The goal for these members was to make the yearbook a success and for all the students a time to remember and enjoy. This years yearbook is undoubtedly different for the staff had many talented and creative workers. The theme for the yearbook was "Time Never Stands Still" which was created by Sandra Smith this years editor. We hope you enjoy the special time in which we have saved for you as a student here at PCHS.

# Students in ACTION

Physical fitness training is available through the physical education and weightlifting classes at PCHS.

The phys. ed classes include many activities which challenge the physical ability of the students. The classes provide opportunities to participate in several team sports as well as a few individual sports.

The weightlifting program at PCHS has two aspects. First, it provides instruction and exercise in physical development and training. Secondly, it provides general conditioning for the athletic teams.

# Special Studies

The 1986-87 school year held many special events for the Special Education classes. In late winter the Special Ed. students went on a ski trip to Snowshoe. Everyone had an enjoyable time while developing their skills on the slopes. However, the work soon resumed when they got back to the classroom.

The Social Studies classes also worked hard this year. With the freshmen learning about American History, the sophomores learning about World Cultures, and juniors studying the economic system, everyone was kept busy. The annual Social Studies Fair was held in the spring. Many interesting projects were entered, and many proud winners emerged.

Keeping busy is a must, shown here by Jeff Price and Shawn Dunbrack, seniors.

PCHS is fortunate to have a principal, superintendent, and school board who have recognized the importance of computer programming and word processing for the students. PCHS now teaches COMAL and Pascal to all students. Some of the major high schools in neighboring communities do not have even one class in programming! As a consequence, our previous graduates have had a distinct advantage over their counterparts in college. Next year, the department hopes to expand its offering by adding another essential language: FORTRAN. Dr. Leary, computer teacher, had a COMAL programming book published before the school year of 1986, which makes this its second year in use.

This excitement and joy expressed by the players brought much pleasure to coaches; Mike Wilburn; head coach, Delmos Barb, Jeff Haught, and Robert Sheets. As one coach stated, "It's rewarding to see the players set a goal and reach it through hard work and the ability to succeed."

Travis Friel, senior, led the Warriors in total yards with an amazing 1251 yards and a total of 10 touchdowns. Doug Burns, senior, was not far behind with 536 total yards and 9 touchdowns. Howard Walker, junior, finished the season with 27 extra points and 3 field goals. Will Baker, senior, caught 6 touchdown passes during the season.

The Warriors completed the season with a total of 236 points in their favor. This led to the winning of the New River Valley Conference. Travis Friel, Doug Burns, and Howard Walker were named to the New River Valley Conference.

The Warriors experienced the disappointment of losing and the excitement of winning but they held on to their spirit and came out on top. As Doug Burns stated, "It's exciting to win and it hurts to lose; but the team, itself, has a lot of Warrior spirit."

The Freshmen football team showed great style and effort through their 3-1-2 record. They displayed endurance and the quality of working well together, under the direction of coach, Bob Sheets.

Their season was full of action and spirit emanating from each and every player. They showed outstanding offensive and defensive talent. This talent and working hard were two priorities of the freshmen team. The players' attitudes and the support of their parents led them to improve and succeed. The freshmen and their abilities will be welcomed by the varsity team.

The freshmen team, the coach, and the parents should be congratulated for the dedication that they put forth throughout the season.

# Action/Reaction

Lady Warriors started their 1986-87 season with a pleasing win over the Nicholas County Grizzlies. Although the Lady Warriors experienced difficult challenges, they always participated together as a team.

Helping the Lady Warriors strive for their victories was Mrs. Sue Shupe. This was her first year as head coach for the Lady Warriors. During earlier years Mrs. Shupe accompanied head coach Harry Booth, who resigned from his position earlier this summer. The team was disappointed to lose his great coaching ability but they were rewarded with Mrs. Shupe's effort and technique coaching. Her faith in the team led them to a 9 and 11 season.

Receiving honors were Melissa Kidd and April Moore for being elected to the Region V, Section I, Sectional Team. Melissa was selected to the 2nd team and April for Honorable Mention in the New River Conference.

Trying to be successful, Melissa Kidd fights for possession of the ball.

Pam Grogg shoots a foul shot while warming up before a game.

Members of the team take time out from group pictures to discuss their next ballgame.

Velma Wilfong, senior, struggles to complete an inside pass to Susan Pingley.

Stephanie Johnson concentrates while shooting a free throw.

Susan Pingley hustles for the ball, while April Moore runs down court.

Melissa Kidd shows great performance by using her outside jump shot.

## ... With The Ball of Success!

The Warriors had a lot to be proud of this season when our basketball team finished the season with a 18-6 record, which put us among the top 10 in the state. Allen Taylor, Jamie Warner, and Travis Friel were selected as members of the Region V, Section I Sectional Team. This terrific season brought out a lot of school spirit and pride. We will always look back on this season and say, "We're proud of you Warriors!!!"

# Sideline Players . . .

Cheerleaders are extraordinary and hard working individuals. Their ability shown through as they excelled through their competition. With the help of their coach, Mr. Glen Wade, they placed first runners up in regional competition out of seventeen schools. The individuals worked six days a week starting December to prepare for their competition on March 7.

This year's squad had an unlimited supply of potential and they successfully put it to good use. Also three individuals were awarded the honor of receiving all-tournament cheerleader and they are: Charlie McNeil, Stephanie McCoy, and Debbie Frum.

Clearly, this squad achieved to their highest potential. Unity, determination, and dedication boosted this squad to the extremes. The memories they share will not be forgotten as they remember their explosive achievements as Sideline Players.

Angie Matheny, Sandra Smith, Sarah Sheppard, and Stephanie McCoy are overwhelmed of the last second points that won the sectional tournaments.

# Twist and Shout!!

This year, the junior varsity cheerleading squad worked strenuously to be the best. They could be seen at j.v. football games, girls' basketball games, j.v. basketball games, or in the stands cheering with the varsity squad. No matter what, their help and advice to the varsity squad was an asset in every way. The freshman squad should also be commended for a job well done. While at freshman football and basketball games, one could see this group cheering their team on. Since a smaller number of people attend freshman sports, the cheerleaders' support gives the teams the extra lift they need to excel.

Performing a stunt at the end of a floor cheer are junior varsity cheerleaders; Jennifer Akers, head, Kim Sparks, Dianna Sheppard, and Tianna Rabel, alternate.

## Cheerleaders Say . . .

Jennifer Akers: "I thought it was great that everyone put forth 100% no matter what."

Janesa Wilfong: "I can't wait to get started again next year!"

Kim Sparks: "This, being my first year as a cheerleader, was a great experience."

Dianna Sheppard: "This is definitely a year I'll never forget!"

While doing a floor cheer, Janesa Wilfong, junior, shows that cheerleading takes lots of pep and enthusiasm.

Excited by a great basketball game, Jennifer Akers, Dianna Sheppard, and Janesa Wilfong jump for their team.

Freshman cheerleaders for 1986-87 are Jenny Workman, Rachel Withers, Lisa Foe; head, and Julie Murphy; co-head.

Selina Clifton, sophomore, smiles at a spectator during the State Basketball Tournaments in Charleston.

The varsity cheerleaders show their anxiousness while preparing to cheer at a football game.

# Striving for PERFECTION

Striving for perfection the Pocahontas Girls' Track Team had many triumphs. The weather did not cooperate like they had hoped. From rain to snow the girls found it hard to practice. The girls do not have the correct facilities to practice so they must compromise. Even though they had their difficult times there was many new school records set. Annette Shinaberry broke the open 100 and Susan Pingley broke her 800 record twice. Also the 4x100 team set a new record and competed in the state finals. The team consisted of: Genny Burks, Jenny Strehlen, Connie Campbell, Annette Shinaberry. April Moore succeeded to state with her ability of throwing the shot put, and Jenny Strehlen went to state in the open 100. With the help of their new coach, Sue Shupe, the girls, with a full head of steam strived for perfection.

## THE DIFFERENCE THAT WORKS

The VICA club is an organization for students which are enrolled in drafting, nursing, electronics, electricity, welding, and carpentry. VICA stands for The Vocational Industrial Clubs of America. Many members of the VICA club helped create and design a one of the finest display which won the state level competition and qualified for Nationals. The displays theme was The Difference That Works. This years VICA club put a lot of work into fund raising. The PCHS VICA chapter was well represented by many of the members that competed at the state competitions this year. Congratulations to all.

# Getting Tuned UP!!

Charlie McNeil gets his share of attention as some members of the Pops group take a break from their practicing.

It's a new year for everyone, especially for the members of the band. They opened the year with a new band director, Miss Katherine VanHorne.

It's a new experience for her, but everyone seems to be adjusting well.

While talking with Miss VanHorne, she felt the band did quite well for such a small group.

During the year, she carried on the tradition of having a Christmas and Spring concert. The band attended several parades, including the Forest Festival, the Black Walnut Festival, and the Spring Festival in Clarksburg.

Not all of the band members play an instrument. There are four majorettes and six flag girls. In addition to these, there are a drum major and banner carriers, which add a little pizazz to the band.

A few band members play at half-time during basketball season as a pep band.

The band adds a lot of spirit to our school. It's great to have them around and to know that we've got a band to cheer us on.

Chantell Sheets and Debbie Radclift, members of the Flag Corp, take part in the half-time activities.

The members of the choir all seem to have different feelings about performing in front of the student body.

The drum players wait for their time to march.

Drum major, Connie Campbell, concentrates on her motions as she leads the band in a song during half-time.

Julie Moore uses half-time of a football game to blow off some steam.

Miss VanHorne announces the next song to be played during the Spring concert.

Members of the band prepare to put on a show for the football fans during half-time.

The majorettes, H. Mills, S. Buzzard, C. Gragg and P. Martin do a dance to entertain the football audience at half-time.

# Looking Toward TOMORROW . . .

Being a senior is more than just challenging. It's the time to make big decisions about life and a future. Many students look forward to graduation and moving on to college, getting married, or finding work. Throughout the year, seniors are faced with fears and doubts about moving on to that big world away from Pocahontas County High School, but the prospect of being able to look back and say, "I did it!", is an encouragement for everyone. Friends and teachers are always remembered, and seniors cherish the memories of their four years of high school at PCHS. But for now, they keep on looking toward tomorrow . . .
